

ASPEN BILE ACID/CHOLESTEROL CONFERENCE
501 Madison Street
Denver, Colorado 80206
(303) 355-0330

May 28, 1989

Harmon C. McAllister, Ph.D.
The Council for Tobacco Research
900 Third Avenue
New York, NY 10022

Dear Dr. McAllister:

Thank you for your letter of May 11 to Dr. Scott Grundy and the contribution of \$500 in support of the Aspen Conference on Hepatic Cholesterol and Lipoproteins August 19-22, 1989. Support funds for the Conference are used to enable young scientist to attend and to pay partial expenses of the speakers.

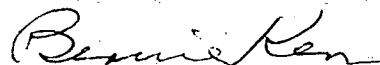

Industries pay a minimum contribution of \$1,000 for each representative plus an additional fee of \$250 for individual expenses such as rental of the Conference facilities, meals, etc. Thus we can assure you that none of your contribution will be used toward expenses of industry participants.

We will be pleased to hold a spot for a representative from your organization. However, I must ask that you let us know as soon as possible on the enclosed form if someone is coming from the Council for Tobacco Research. We must limit attendance to 100 because of the size of the Given Institute, and we are already nearly at capacity. Also we must ask for the payment of the expense fee at the time of registration.

Enclosed are: a program of the Conference, a brochure about Aspen including a list of accommodations, a sheet of information regarding travel and other plans, and a questionnaire which must be returned as soon as possible to this address indicating the intention of your representative to attend.

On behalf of Scott Grundy we welcome your participation in the Conference in 1989.

Sincerely yours,

Mrs. Bernie C. Kern,
Conference Coordinator

Enclosures

P.S. It is important to make housing reservations soon as that is a busy weekend in Aspen.
